Background Information

J Banks are a manufacturer of hardware for window and door industry houseware products based within Staffordshire. We are looking to save our energy consumption and reduce our carbon emissions by installing Solar PV. The purchase of this Solar PV is part of a wider project and is part funded by European Regional Development Fund.

REQUIREMENTS/SPECIFICATION

Statement of Requirements

We are looking a reputable solar PV installer to supply and in install a 520 KWp Solar PV Array on the roof of our factory at Featherstone.

The quote provided should include installation and on-site familiarisation for staff once installed.

A small proportion of the cost is being supported by European Regional Development Funding.

What to Include in your Quotation Submission:

- Your company details as set out on page 2.
- Your price for supply and delivery of the Equipment to J Banks, Unit A Vernon Park, Cannock Road, Featherstone WV10 7HW.
- Your price for a guarantee period up to 2 years.
- Confirmation that you can supply and deliver the array by August 2022. Please state the time to supply and deliver the array from confirmation of the order.
- The information outlined in the submission table checklist below confirming the Equipment's capabilities to deliver the required specification detailed in the statement of requirements. You can include product brochures.

Submission Table Checklist

Failure to meet the check list may render your bid as non-compliant.

We recommend you enter all the information requested or confirm compliance within your submitted specification. Please provide product brochures or layout diagrams to evidence you can meet the requirements below.

Item		Yes	No	Comments
1	Has your company previously installed arrays of 520KWp or over in size?			

Price

Please ensure the total price contained within your specification and quotation provides a breakdown price for each of the following elements:-

- Functionality
- Price
- Training
- Guarantee
- Support

Assessment of Quotations

Quotes will be assessed on meeting the above criteria contained within the submission checklist table and awarded on best commercial price; failure to meet the checklist may render your quotation as non-compliant.
